Decor

TRANSFORM ANY ROOM OR LOCATION, INDOORS OR OUT.
Amerevent has the décor, themes, drape, lighting, tables, chairs
and backdrops to make your vision into reality!

Before and After Transformations:

Over 35,000 décor items are available and custom designs can be built so about anything you imagine really can happen! Send Amerevent a photo, layout or sketch of what you would like or just talk to us about it and we can provide you a quick budget estimate for your planning purposes and enhance it to perfection from there!

TOP PHOTO. This before-after photo shows the elegant conversion of a gymnasium using white POLYSILK™ pipe and drape and a 24 panel fabric ceiling treatment.

PHOTO ABOVE MIDDLE shows how a large room can be quickly converted and hide unwanted ceiling structures using downward pointed roped pin spots that light the event's tables and floor while leaving what's above dark. ---Few event production companies have this technology!

PHOTO LEFT MIDDLE shows how a plain space can be easily transformed into a wonderland using color change floodlights, gobo projections (including the large monogram on the dance floor) and white POLYSILK™ pipe and drape.

PHOTO LEFT BOTTOM transforms an outdoor green space with hanging lanterns, color change floodlights and a lighted pergola gazebo.

WEDDING TENTS

HIGH PEAK POLE TENT

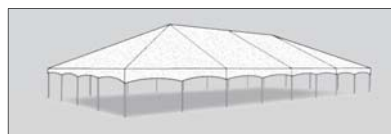

The most popular formal event tent is the **HIGH PEAK POLE TENT** because of its beautiful shape and reasonable cost. High peak tents provide a visually striking sculptured look excellent for formal events. The top, rather than peaking along a ridge, comes to points at multiple pole locations.

High peak pole tents are tension tents, requiring center poles and sidepoles anchored and stretched by ratchets and webbing attached to stakes around the perimeter. High peak pole tents are available from 30-ft to 100-ft wide and able to seat 4,000 or more attendees. Pricing is \$0.39-\$0.47 per square foot of ground coverage for 8-ft side height tents or \$0.43-\$0.50 per SF for 10-ft side height tents.

FOR MORE TENT INFO, BE SURE TO DOWNLOAD THE
FULL TENT BROCHURE
[HTTP://BROCHURES.AMEREVENT.COM](http://brochures.amerevent.com)

CLEAR TOP TENT

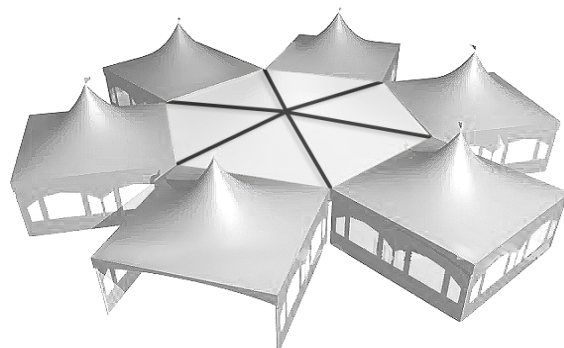

The **CLEAR TOP TENT** is the newest formal style. This is a flat ridge frame tent with a clear vinyl top. It is free-span with no internal supports.

The BIG difference is the special transparent polymer used to make the top. This clear vinyl is layered with a network of polymer mesh netting to strengthen the top and all heat welded together. Overlapping seems create window frames to the sky.

Cleartop tents can be anchored using stakes or water and concrete weights that that do not damage paved surfaces. Clear top tents have a flat top "ridge" line and slope down to the sidepoles on the ends. Pricing is 0.48-\$0.53 (8-ft side) or \$0.52-\$0.58 (10-ft side).

NEW! HYBRID CLEARTOP – a custom design only at AMEREVENT. This beautiful formal tent combines the best features of high-peak, clear-top and frame in a unique 1,000 SF freespan hexagon center with 6 outflanking 400 SF high peak freespan frame tents. Suitable for groups up to 350 persons. Can be placed on grass or pavement and anchored with stakes or weights. The center clear-top is typically for dancing, entertainment, food service and VIP's. Pricing is 0.46-\$0.51 (8-ft side) or \$0.50-\$0.56 (10-ft side).

ABOVE: WOOD PARQUET DANCE FLOOR. BEAUTY & LOW COST MAKES IT THE MOST WIDELY USED FLOOR IN THE INDUSTRY.

DANCE FLOORS

FOR ALL TYPES OF DANCE FLOORS VISIT: [HTTP://DANCE.AMEREVENT.COM](http://dance.amerevent.com)

RIGHT PHOTO: **WOOD PARQUET DANCE FLOOR.**

Wood parquet dance floors are the most widely used in the industry due to their beauty and lower cost. Indoor parquet dance floor will cost about \$1.00 per square foot and outdoor versions ~\$1.25/SF.

BELOW, LEFT PHOTO: **LED LIGHTED DANCE FLOOR.**

Nothing is more impressive than a LED interactive dance floor. Dance floors are the centerpiece of many events, this computerized, color changing, motion packed LED floor provides your own personal Studio 54 experience and gives that final "wow" effect on each of your guests. Connects to you music system via standard adapter. Rental is ~\$3.00-SF plus delivery and labor. 400-SF available serving events up to 300. Can be combined with other dance floor for larger parties.

ABOVE & RIGHT:
NEW STARLIGHT LED
DANCE FLOOR

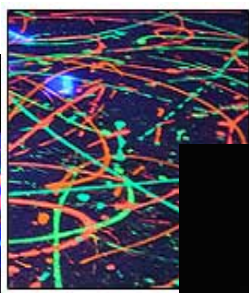

ABOVE PHOTO: LED DANCE FLOOR. COMPUTERIZED TO YOUR MUSIC!

ABOVE RIGHT PHOTOS: **STARLIGHT DANCE FLOOR.**

STARLIGHT DANCE FLOORS provide an incredibly special "thousand points of light" dance experience that will awe your guests! Specially designed panels are imbedded with LED lights creating a star pattern on the floor. Combine with a laser starfield generator to project thousands of tiny moving stars, gently moving around the room as music plays and guests dance. Starlight floors are built upon a white or silver floor base with a urethane top. Up to 20x20 available.

BLACK LIGHT DANCE FLOOR.

Any of Amerevent's weatherproof dance floors can be quickly modified to "black light".

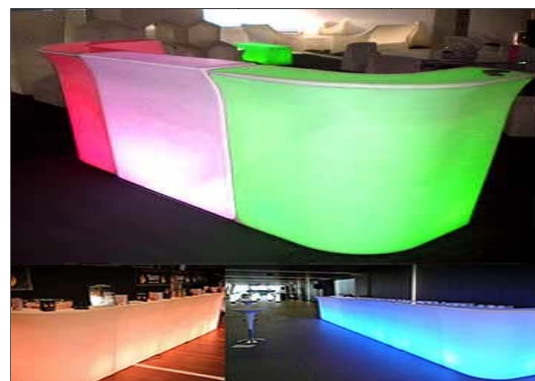

Hear your guests awe as the main lights go down and black lights come up! Combine with a pattern generator for a really unique dance experience at a much lower cost than lighted or video floors. Cost is typically just a few hundred dollars more the dance floor alone.

Stages, Platforms, Rotostage

PHOTO LEFT AND BELOW: Fashion show staging, white runway, video projectors and screens and black drape. Seating with chair covers for guests.

PHOTO RIGHT: Large stage set in university gymnasium.

PHOTO ABOVE: Standard portable staging, great for bands, speaker stands, head table elevation and more.

PHOTO BELOW: Head table on riser with white curtain backdrop and white heat table skirt.

PHOTO RIGHT. 25-ft truss and truss stands for stage sound system and lighting (10-ft high shown - adjust to 18ft high).

PHOTO LEFT & BELOW LEFT: 24" and 32" cake turntables (ROTOSTAGES) are available to add a unique display of your cake, trophy or other special piece. Inexpensive and adjustable!

PHOTO RIGHT. This 18-ft diameter ROTOSTAGE can revolve your main stage, band stage, presentation stage, vehicle, product display or any centerpiece attraction.

For more information see:
WWW.ROTOSTAGE.COM

PHOTO RIGHT: Red carpeted mc stage for fundraiser with gold foil shimmer curtain backdrop, stairs, rear video projector and screen, mc podium and sound system for 1,000 guests.

PHOTO BELOW: Standard band stage with black skirt and carpeting.

Tables & Linens

[HTTP://TABLES.AMEREVENT.COM](http://TABLES.AMEREVENT.COM)

PHOTO ABOVE: Head table (4x 8-ft and 1 x 4-ft banquet tables & fill leaves) with waterfall fairy light skirt.

PHOTO ABOVE: Cocktail table with white linen and red overlay. Battery under table light creates a warm glow.

PHOTO LEFT: 60" round tables seat 8, 72" round seat 10. Depending upon the look wanted, linens should go $\frac{1}{2}$ the way or all the way to the floor. A colored or designed overlay adds fantastic eye appeal.

PHOTO RIGHT: Serpentine and standard rectangular banquet tables are used for food and drink service and for displays.

PHOTO LEFT: 72" rectangular banquet tables seat 6-8 and 96" rectangular banquet tables seat 8-10. A single linen can be used (either $\frac{1}{2}$ way or all the way to the floor) or a fitted linen that acts as if it has a built in skirt (but no pleats). The photo shows a 96" table with a standard linen and a fitted skirt. A great variation is shown at the top of the page, with water fall fairy tale lights installed behind the skirt.

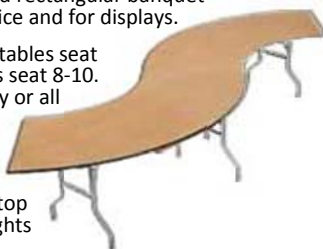

PHOTO BELOW: Elegant long banquet tables with white linens, beige napkins and white chair covers.

PHOTO LEFT shows a 60" round table with white floor length linen, black napkins and pipe and white drape for backdrop.

PHOTO RIGHT. 72" round tables with center-piece lights and undertable glow lights.

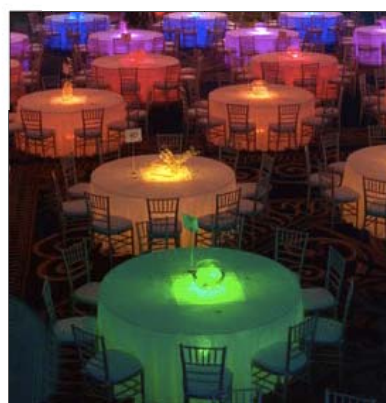

PHOTO ABOVE: Beautiful 48" cake table with columns and rotating cake display.

PHOTO LEFT: Linens come in many shapes, sizes and colors. For more information and color charts, visit: <http://linens.amerevent.com>.

NAPKINS

PHOTO BELOW: Table memo holders make it much easier for guests to find their seats.

PHOTO ABOVE: Cast iron bistro table and chair sets.

NOTICE: EQUIPMENT STYLES AND COLORS WILL VARY. PLEASE VISIT YOUR LOCAL WAREHOUSE TO VIEW ACTUAL EQUIPMENT.

Pipe & Drape

Pipe and Drape is one of the least expensive options to dress and divide any area, turning plain walls into an incredible, formal space full of elegance and color. Available from 3 to 16 feet tall, in 6 standard and unlimited custom colors. Thousands of feet are available and ready to transform your event. Pipe, drape, all fittings and installation typically costs just \$.25-\$.50 per foot of height times the running feet wanted. Even less in event packages!

VISIT: [HTTP://DRAPE.AMEREVENT.COM](http://DRAPE.AMEREVENT.COM)

Color Change Uplighting is floor mounted in front or behind drape to provide brilliance of color and indirect lighting for your space. New LED floods are 10 times more energy efficient while allowing remote controlled color change throughout the spectrum. Starting at \$10 they are one of the best values in event space enhancement.

FAR LEFT PHOTO. Drape is available in 6 standard colors and unlimited custom colors.

LEFT PHOTO. Foil "shimmer" curtain is placed in front of standard drape for a unique glimmering look when lighted. Available in 6 standard colors.

AMEREVENT'S INCREDIBLE WHITE POLYSILK™ is unique in the industry! You won't find it elsewhere. Come take a look at the difference it will make!

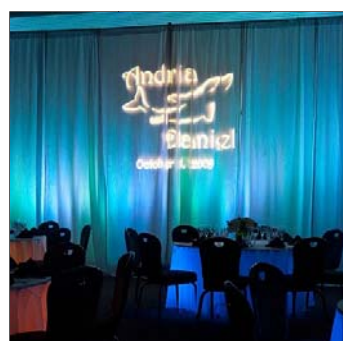

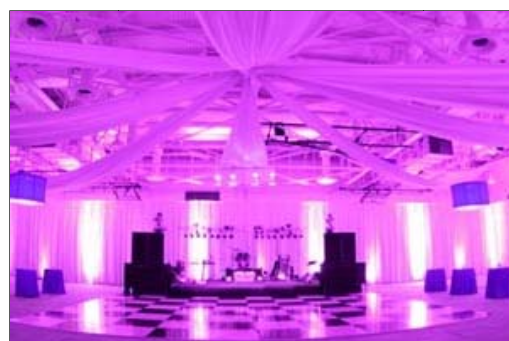

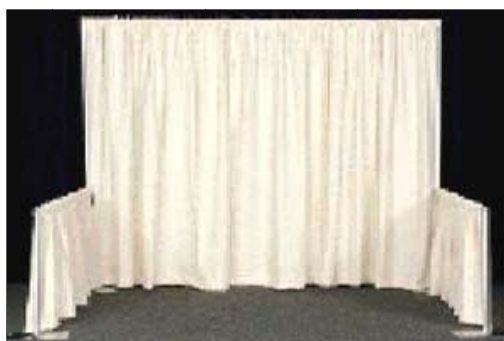

LEFT AND BELOW PHOTOS. WATERFALL "FAIRY" LIGHTS are placed behind drapes and table skirts and in ceiling treatments to provide a one of a kind experience. Rarely done, but still one of the least expensive room enhancements. Some sets are even FREE with event packages!

CENTERPIECES

[HTTP://CP.AMEREVENT.COM](http://CP.AMEREVENT.COM)

RIGHT & BELOW PHOTOS: Large feather ball on 20"-24" log neck Eiffel Tower vase.

LEFT PHOTO: New custom fiber optic color changing base for Eiffel Tower vases and standard ostrich feather centerpieces.

ABOVE PHOTO: Tree branch centerpiece on lighted mirror base, with hanging LED tea lights and silk flowers to finish!

ABOVE PHOTO: Beautiful tower candles in 4 sizes sitting on gold plate base. taper candle on 8" candle stand.

ABOVE PHOTO: Ostrich feather displays in 20"-24" Eiffel tower vases with fiber optic color changing bases and LED tea lights.

ABOVE PHOTO: Glass Eiffel tower vase compared to a 12" wire Eiffel tower centerpiece. Both beautifully unique!

Centerpieces add the finish to each guest table and often make the difference between elegance and mundane, unique and ordinary! \$25-\$100 per table should be budgeted for high-end receptions, \$10-\$40 per table for others.

FREE FIBER OPTIC COLOR CHANGING CENTERPIECES WITH ANY FORMAL EVENT PACKAGE. JUST ASK!

EVENT LIGHTING

There are THREE TYPES of lighting to consider for each event: (1) ROOM LIGHTING, (2) EFFECTS LIGHTING, and (3) AREA LIGHTING.

(1) Room Lighting provides the general lighting for the event space. Most often it is subdued or dimmable to create a festive atmosphere with attention focused on tables, speakers and activity areas. This lighting can be simple: like string lights, oriental lanterns, globes, ceiling floods, lighted ceiling fans, pole lights; or more formal: downward pin spots, crystal chandeliers or a chandelier cluster.

PHOTO ABOVE: Lighted large ivory Chinese paper lanterns create a unique airspace filling design and give off subtle warm light. Can be installed in nearly any space and on any ceiling.

PHOTO BELOW: Lighted large pink Chinese lanterns.

PHOTOS ABOVE: Beautiful 10-chandelier cluster over dance floor.

PHOTO LEFT: Single tier Venetian faux crystal chandelier each 24"-30" in diameter and 22"-28" high. 4-light, dimmable (w/ line dimmer).

PHOTO RIGHT: Portable tent fans with globe light or tulip lights (shown). Can be attached to any overhead beam with its integral cam strap.

Unique and highly praised by those that have used them; these units are attractive while providing cooling and light for warm or events.

PHOTO FAR LEFT: String lights come in many sizes, for every purpose. For basic lighting; CFL or LED bulbs light large areas well – including tents, patios and halls. For a more subtle ambiance, pearl globe bulbs (shown) or low-watt clear bulbs are used. For a twinkling starfield look, electronically controlled mini-lights are used.

PHOTO LEFT: For an informal, country or western appeal; wagon wheel chandeliers come in 2-3 designs and costs. They can be hung in most any room. A real mood setter!

NOTICE: EQUIPMENT STYLES AND COLORS WILL VARY. PLEASE VISIT YOUR LOCAL WAREHOUSE TO VIEW ACTUAL EQUIPMENT.

(I) Effects Lighting help set and excite the mood of your event. This lighting includes: stage lights, gobo projectors, video projectors, color change lights, colored drape and wall floods, laser and beam lights, moving head lights and stage or dance floor surrounds.

PHOTO LEFT: Large outdoor gobo projector shines the event logo onto the side of the building while guests are bathed in green light (event theme color) from outdoor floods. Fireworks top off the evening!

PHOTOS RIGHT: High power gobo projectors shine the event logo or your initials onto the dance floor, event room wall or the event building itself! NEW low cost POLYCHROMATIC gobos can even be FREE with your event package!

PHOTO ABOVE: Wrapped and strung lights create a warm festive atmosphere. Include wall top perimeter lights to complete the look.

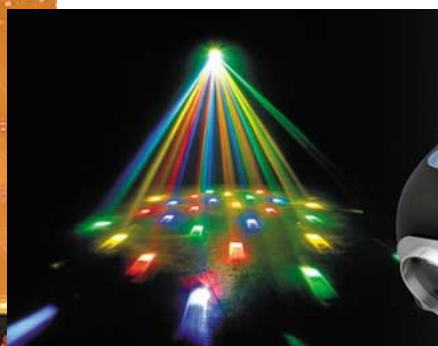

PHOTO ABOVE: Computerized moving head, laser and beam lights move automatically with music or are programmable to meet your exact desires (programmer needed). Often used on or around dance floors. Adds excitement and color to a room.

PHOTO ABOVE: Under table battery "GLOW" lights create a unique look suitable for most any event. Use a white table linen with a colored overlay for best effect.

PHOTO BELOW: 12' high entrance colored floods with a red carpet sets the mood of your guests as they arrive to your event. An important, but often overlooked feature for an event.

PHOTO ABOVE: Lighted scenery, bars and tables create the surrounding theme of an event. Amerevent has more theme décor of anyone east of the Rockies!

PHOTO ABOVE: Color change LED drape / wall floods add the right splash of color to your space. Use behind drape for a glow or in front for a sharp color contrast. Inexpensive, but makes a big difference in the feel of a room.

NOTICE: EQUIPMENT STYLES AND COLORS WILL VARY. PLEASE VISIT YOUR LOCAL WAREHOUSE TO VIEW ACTUAL EQUIPMENT.

(3) Area Lighting is for the larger open areas of an event such as parking lots, access walkways or a larger open area that is part of the main event. The primary equipment pieces include self contained light towers with generators, portable plug-in light towers, walkway lights and pole (street) lamps. Searchlights will add an attention grabbing, premier event feel.

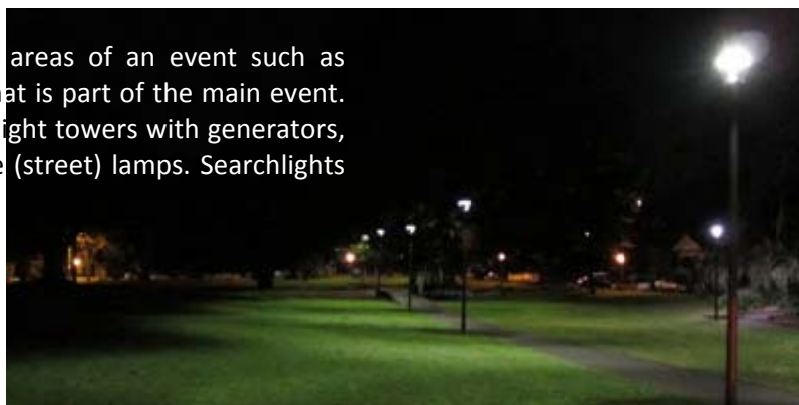

PHOTO TOP LEFT: Crank-up light stands, portable generators, generator trailers, searchlights and power distribution available for any event!

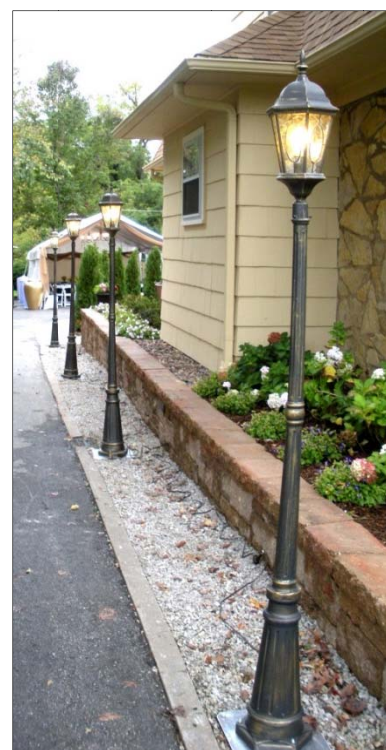

PHOTO TOP RIGHT: Pole mounted floods on temporary stands add safety and warmth to event sites, parking areas, and access routes.

PHOTO ABOVE MIDDLE: 3 to 12 mile automatic searchlights attract visitors and add a Hollywood premier feel to an event.

PHOTO MIDDLE RIGHT: Portable path or string lights add safety and warmth to event access routes. Can operate in motion for a "runway" or finish line!

PHOTOS BOTTOM RIGHT: Portable street lamps are an inexpensive and unique way to light an entrance or access route. Available in black, white and antique colors.

PHOTO BOTTOM LEFT: Light strings beautify large areas and can be hung from anchor stands anywhere. Use in random or exquisite designs for high impact. Creates a warm, subtle atmosphere. Can be used in event areas, access areas and walkways.

MECHANICAL MULTI-BODY RIDES

INTERCHANGEABLE TO KEEP THE FUN RIDING!

MECHANICAL BULLS bring the rodeo home to your party! One of the most popular rentals because it is rideable by guests of nearly all ages. Automatic computerized controls can be adjusted to any skill level, automatically controlling the speed of rotation and bucking. Should a rider fall, they land upon a walled full air bag.

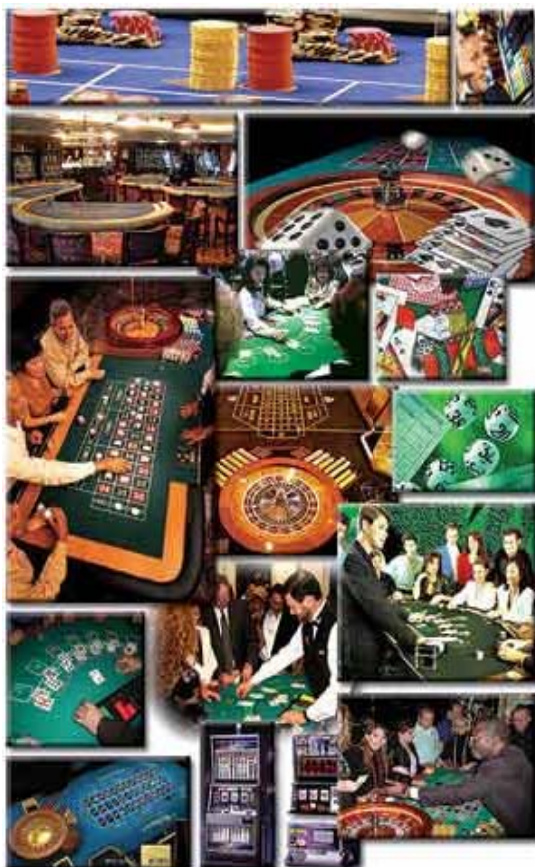

These are not the old style rodeo trainers that exceed most normal folks skills, today's mechanical bulls are designed for entertainment of all ages (children through adults) and from novice to expert. They are also lower to the ground, reducing potential impact.

Today's mechanical bulls are a great addition to any party and almost as much fun to watch as it is to ride! Costs have come down significantly, request a full quote with delivery at <http://quotes.amerevent.com>.
